

Directions

1. The elements shown in **black** will be provided and printed on your business cards.
2. The elements in **green** text must be incorporated into your design. Use our format or customize to fit your design. **Must be legible.**
3. Insert your custom business card design **front side** to this template. Your design can cover the cards entire surface but be mindful of the information near the break-off USB tab.

1. **TEAR OFF USB TAB**
2. **FOLD ALONG THE LINES**
3. **PLUG INTO USB PORT**

Important Notes

1. The scissors and dotted line are optional on this side of the design, they are included to help identify where the break-off USB Tab ends.
2. Insert your custom business card design **back side** to this template. Your design can cover the cards entire surface but be mindful of the information near the break-off USB tab.
